SELF-IMPROVEMENT

Most self-improvement *is a treadmill.*

You read the book, start the habit, fall off, repeat. What nobody tells you is there's a second-order game running underneath — where getting better at *getting better* is the actual unlock.

5 Loops That Make Self-Improvement Self-Sustaining

→

mistakenlyhuman Most self-improvement is single-layer. Here's the second-order game that makes the process improve itself. 🧠 Save this for when you plateau. [#selfimprovement](#) [#habits](#) [#mindset](#) [#personalgrowth](#) [#productivity](#)
